Activity Day Delegate Rates

ZOOLAB
Amaze Educate Inspire

We are animals, but it's easy to forget that in the hustle and bustle of work.

This encounter with nature will allow all members of the team to reignite a childhood passion, face fears or develop a new appreciation of the beauty in the natural world.

It's not all a walk in the 'animal' park however; guests will be challenged in a collection of animal activities that test communication, skill, courage and cooperation. Being something so unfamiliar to the team enhances dependency on one another. Within each of these activities guests get up close and hands on with exotic animals including, snakes, lizards, tarantulas, cockroaches and many more.

Split into small groups, the teams will compete at a mix of challenges testing different skill sets and in each challenge there's the chance to earn vital points.

These points decide who gets crowned king and queen of the jungle. This new and unique team building experience allows all participants to learn new things, develop workplace skills and bond with those around them. It's a shared experience that many find unforgettable.
