

# Make your first dance extra special...

Whether you are already light on your toes, or a complete beginner - we can help!

Choose your own music and we'll help you craft an amazing first dance routine to wow your friends and family. We offer one-on-one training in the run up to your big day, ensuring your first dance goes absolutely perfectly.

We can also help with group dance routines, perhaps with your wedding party or wider family.

Prices start from £250 for a first dance routine. This is for 3 x 1.5 hour training sessions, but we're flexible and can fit around your needs also.

Training is held at Barony Castle Hotel in the Meldons Suite. If you prefer, we can also visit your home if you are local to Peebles.

Please contact Meggy for further information or just to have an informal chat.
